PROPERTY AND SITE MAINTENANCE SORTED **WITH JUST ONE CALL**

Whether your business is in health and aged care, hospitality and tourism, public services, power generation, or manufacturing and industry, having a well-maintained site is important.

Regular site and facility maintenance helps ensure you fulfill your legal and safety obligations. A well maintained site can keep the value of your building and grounds intact, and has the potential to lower the cost of unplanned and emergency maintenance.

We're here to eliminate the frustration of dealing with multiple contractors. With our dedicated, responsive site maintenance services, you can organise any of these services with just a phone call.

Specialised Maintenance

We can take care of a range of building maintenance as well as keeping your grounds looking professional and inviting!

We're equipped for working at heights and licensed for a range of works to ensure we can support you with more complex building maintenance solutions.

Various maintenance jobs we've done:

- ▶ Transporting shipping containers and demountable site buildings into difficult to access areas.
 - ▶ Cutting cement panels and installing windows
 - ▶ Demolition of communications towers and unused plant
- ! **Preventive maintenance, Risk-based, or Predictive maintenance; wherever your site needs an upgrade or a change, we're here to help.**

WHO IS **HCM**?

Backed by the experience and trusted name of the HTS Group, Hunter Civil and Maintenance has been formed to provide you with dedicated and responsive site-specific maintenance solutions.

Our promise to you – call us and we can sort any site maintenance need for you.

Hunter Civil and Maintenance is headed up by brothers John and Adam Oldfield. Both John and Adam have extensive experience in demolition, civil works and earthmoving, possessing demolition supervisor credentials.

Collectively they've spent 12 years working across various division of the HTS Group and honing their skills on a wide range of projects.

If your facilities needs larger projects undertaken, such as extensive refurbishments, asbestos removal, hazardous material management or demolition, we can organise that for you through our parent company, the HTS Group.

GET READY TO ENJOY **TRULY STREAMLINED** SITE MAINTENANCE.
